Consultation Paper—The future operation of New Zealand’s power system

Introduction

The Lines Company Limited (TLC) thanks the Electricity Authority (Authority) for the opportunity to submit on the Authority’s Consultation Paper—The future operation of New Zealand’s power system. The Authority seeks views on the potential challenges and opportunities that the Authority has identified, and any others we consider important.

Submissions

TLC has not submitted a standalone response, but we have contributed to and support the following submissions:

- *Northern Energy Group (NEG)*
- *Electricity Networks Aotearoa (ENA)*

Summary

If the Authority has any queries on the submissions, please reach out to the contact detailed in the submission. Also, if the Authority has any questions for TLC, please get in touch with Craig G. Donaldson, Pricing & Regulatory Specialist, at craig.donaldson@thelines.co.nz.

Yours sincerely

Kyla Johansen
Pricing, Regulatory and Commercial Manager
