Dear Shane

**Amendment to Clearing Manager Market Operator Service Provider Agreement**

I refer to the Clearing Manager Market Operator Service Provider Agreement (MOSPA) between the Electricity Authority (Authority) and NZX Limited, dated 1 May 2016, relating to services provided by NZX Limited as the WITS Manager.

The Authority would like to vary the functional specification in Schedule 3 of the MOSPA to reflect the following amendments:

- Implementation of Real-Time Pricing – April 2023
- Completion of CM-CR92 Must-Run Dispatch Auction Files – December 2023
- Update of Authority branding

A copy of the functional specification with these proposed variations incorporated is attached to this letter. If you agree to it, the varied functional specification will become version 31.0 in Schedule 3 of the MOSPA.

Please confirm your acceptance of the variations proposed in this letter by signing and returning a copy of this letter to me. These proposed variations to the MOSPA will take effect on the date you sign this letter.

Yours sincerely

Mark Herring  
**General Manager**  
**Corporate and Market Services**

I, **Shane Dinnan**, agree for and on behalf of NZX Limited to the amendment to the MOSPA set out in this letter.

Signed:  Date: 26/06/24
