Thanks Murray, a couple of points

- There is no effective deadline for this work. The 'residual funds' requirement and the 'Aug 2021 settlement' are independent workstreams and can run in parallel. Final settlement of Aug 2021 may occur **before or after** 22 July 2024 (the deadline for the 'residual funds' payment)
- The Authority is still deciding how to proceed. Once we reach a decision we will let you know.  
{Please do not start work until then

Cheers

**Subject:** 9 Aug 2021 settlement - draft TAS SoW

Tēnā koutou,

Attached is a draft TAS SoW for Transpower's efforts to settle ancillary services and LCE now that final prices are available for the entire month of August 2021.

We note from the exemption granted to the clearing manager an effective deadline has been set for completing this work. Given that we are keen to get underway as soon as we can. NB we will need confirmation of the deadline and discussions with NZX in order to populate the timetable section of the SoW.

Details are per the previous cost estimation (attached to the TAS SoW as an appendix – with minor change e.g. job titles).

Noho ora mai

Murray
