Tēnā koutou,

Attached is a draft TAS SoW for Transpower's efforts to settle ancillary services and LCE now that final prices are available for the entire month of August 2021.

We note from the exemption granted to the clearing manager an effective deadline has been set for completing this work. Given that we are keen to get underway as soon as we can. NB we will need confirmation of the deadline and discussions with NZX in order to populate the timetable section of the SoW.

Details are per the previous cost estimation (attached to the TAS SoW as an appendix – with minor change e.g. job titles).

Noho ora mai
