Hi s9(2)(a)

Just back from a few days off and furiously catching up with emails.

Let me check in with the team and come back to you.

Cheers
Sean

Subject: August 9 prices query

Kia ora Sean,

It was great to catch up last week - thank you for your time and the coffee!

I have some questions about the potential issue found with the prices for 9 August 2021 which were finalised, then made interim again on Friday afternoon. NZX says that you're the best contact.

I'm keen to get an idea of what the potential price issue is and what is being done to remedy it.

Also, can you provide any details on how these prices are calculated? We had some comments on Friday afternoon expressing surprise at prices being as high as they were and it would be good to provide some context around why they may be that high.

I understand from NZX that the prices will be finalised tomorrow. Is there any comment from the EA on what could be done or has been done to avoid a similar situation in the future?

(This may come back to the better communication policies already enacted by Transpower and others as part of their winter security planning.)

Ngā mihi,

s9(2)(a)
