Hi Chris

Sorry for the delayed reply – I just tried to call which I thought might be easier

On the extension – I've had a couple of requests for an extension and your reasons for one are very reasonable. Im balancing that against the potential to bump up against the end of the year in getting initial advice/response back to my Board. I think on that basis I'll push things out by a week – but I need to confirm that. I'll let the sector know via market brief or some such (and directly connect in with participants).

I hope that helps – and lets keep in touch,

Kind rgds Andy S9(2)(a)

I forgot to note that there are two other significant consultations occurring at the same time:

- Electricity Industry Amendment Bill – Select Committee submissions due on 17 November
- TPM consultation due on 2 December.

Regards,  
Chris

**Subject:** EA Market Monitoring Review

Hi Andy

Having read this significant report again in detail over this weekend, it will take Contact considerable time to submit meaningfully with our response – including with external consultants.

For that reason, we request that the current deadline of 5 December is extended by 2 weeks to 19 December.

Can you please let us know whether this is possible please?

Thanks,  
Chris
