Hi S9(2)(a)

I can confirm that the document was removed yesterday, but you are right – it appears people were able to access a cached version.

We have now had our website provider clear the cache via our cyber security software to prevent this occurring.

We are also looking at whether we can identify who made the downloads and will update you on that.

Ngā mihi
Sarah

Kia ora Sarah, would you please be able to confirm that the document has been removed from your website? A few people here can still access it, but we thought it might just be a cached version. Thanks, S9(2)(a)

Hi Jason

Thanks for your time this afternoon.

First, as discussed, the Authority apologises for this error.

This morning we removed the document from our website. We have prepared the **attached** version, with redactions. We propose to put this up to replace the previous version but wanted to share it with you first in case you consider anything has been missed.

You've raised some other concerns about information being provided to Concept. We'd like to respond more fully to your email but wanted to deal with the redactions first.

Hi Andy and Sarah

We note that having assured us you would not publish the NZAS contract price and would instead only give a range (EA's letter of 7 October 2021) you have published the price. See the Appendix at page 5 of the Concept letter of 12 October 2021 to the Authority available at

S9(2)(b) and S9(2)(ba)(i)

where Concept give both the old and new price. We would be grateful if you could please arrange for that letter to be replaced with a redacted version and confirm to us once this has been done.

We also note that, it seems, Concept were provided with full copies of the confidential material supplied by Meridian to the Authority pursuant to s 46 (the Concept letter references various Meridian Board papers). Can you please confirm whether this is correct and advise on what basis that material was provided to Concept?

Regards

Jason
