Hi Rob

Thanks for this – will get back to you on the text below tomorrow morning if that's OK, just wrangling folks around here.

Cheers

Thanks for your responses. Let's talk on Thursday at 1pm – I'll send through a meeting request. That ensures you have a clear understanding of all of our work before the Friday meeting with independents.

The text I wanted you to review is set out below. For context, s9(2)(g)(i)

Hi Rob

Good to hear from you. Some quick responses - happy to review the content on Tuesday, send it through whenever it's ready and we'll get back to you; also we're definitely happy to meet later next week but will need to check calendars (especially Reuben's) so will come back to you over the weekend on that.

As a heads-up, the four independents have asked to meet with our Chair, John Small, next Friday. Several commission staff are also attending, including us three and John Rampton. Will let you know any material updates from that meeting.

Another heads-up while I'm thinking about it; we responded to the independent retailers' OIA request today, a package of 12 documents including a (heavily redacted) version of the draft staff paper we shared with you earlier in the year. Jenna and I will put together a pack of versions of these documents we can share with you early next week. There isn't anything in there that will surprise EA staff, we don't think.

Talk soon,

Luke

Kia ora Luke

I hope that you and the team are going well. I've got two Friday afternoon requests:

* I'd like to have a chat to you later next week re the Authority's risk management review, on a couple of different points than the market definition work that Julia has been keeping you updated on. Have you got any time free to talk, on Thursday ideally, but Friday or Wednesday could also work (after 11:30am if possible given time zones)? I will of course send you an outline of the topics before the conversation (I'm just framing them up now)

* Would one of you have a small amount of time on Tuesday to review a paragraph from a response we are sending to s9(2)(ba)0. It touches on an area where the Commission has significant expertise and experience, so I'd appreciate a quick perspective from someone in your team as to whether we are saying anything unhelpful (it's about retail price competition).

Please let me know, and have a great long weekend.

Ngā mihi

Rob
