You are required ‘to protect the interests of domestic consumers and small business consumers in relation to the supply of electricity’ but your plans say otherwise.

Making me pay when a new business or housing developer wants to connect to the electricity network is unfair because...

We manage our electricity and already faced with continual increases with household bills, and now you want us to pay someone else's bills?! If someone is lucky enough to be building a new house that should be their cost, what next do you want us to pay for their house paint too?!
