Questions	Comments
Q1. Is there any other related work that you think is relevant to our consideration of PPA issues?	No, we believe all aspects are covered.
Q2. Do you have any suggested additions or modifications for PPA terms and concepts?	No further comments to make.
Q3. Do you agree with our definition of PPAs?	Broadly agree
Q4. Have we correctly identified buyer and seller motivations for PPAs?	Broadly agree
Q5. Have we correctly identified how PPAs may fit with other contracts?	broadly agree
Q6. Do you agree with our characterisation of how PPAs may impact system evolution?	Broadly agree
Q7. Have we correctly identified and understood PPA headwinds?	Broadly agree
Q8. Do you agree with the potential benefits we have identified?	Broadly agree
Q9. Do you agree with the potential risks we have identified?	Broadly agree
Q10. Do you agree with the potential options we have identified?	Broadly agree
Q11. Do you agree with our comments on potential options?	Broadly agree
Q12. Do you have a view on the most promising options?	These are the points which we believe are most applicable – Sleeving – we encourage and support further work on this to better enable IPPs, smaller Gentrailers.

Public domain PPA templates

Market modification

Increased focus on making business aware of PPAs and demonstrating their benefits.

Support - matching services / templates / facilitation / resources.
