5 Sir Gil Simpson Drive
Burnside
Christchurch 8543

Dear John

Amendment to Registry Manager Market Operator Service Provider Agreement

I refer to the Registry Manager Market Operator Service Provider Agreement (MOSPA) between the Electricity Authority (Authority) and Jade Software Corporation (NZ) Limited, dated 25 January 2017, relating to services provided by Jade Software Corporation (NZ) Limited as the registry manager.

The Authority would like to amend the functional specification in Schedule 3 of the MOSPA, as follows:

- ER-390 Addition of process map 9
- adjustments to register content codes (based on the decisions paper released 20 March 2018)
 - new register content codes DIN/NIN, INEM, NB, NO, SL
 - several code combinations grandfathered
 - several codes discontinued
- New appendix 5: supporting information:
 - register content codes period of availability
 - mapping of customised to generic codes.

A copy of the functional specification with these proposed amendments incorporated is attached to this letter. If you agree to it, the amended functional specification in Schedule 3 of the MOSPA will become version 22.24.

Please confirm your acceptance of the amendments proposed in this letter by signing and returning a copy of this letter to me. These proposed amendments to the MOSPA will take effect on the date you sign this letter.

Yours sincerely

Rory Blundell
General Manager Market Performance

I, John Ascroft, agree for and on behalf of Jade Software Corporation (NZ) Limited to the amendment to the MOSPA set out in this letter.

 Date: 23/03/18
